

Harini Banda

bandaharini1826@gmail.com 9701178415  Harini Banda  harinibanda18

Profile

Motivated and enthusiastic engineering graduate with a strong passion for innovation, problem-solving, and continuous learning. Skilled in software development, machine learning, and backend technologies, with a commitment to building reliable and impactful technology solutions while contributing effectively to organizational growth and excellence.

Education

Vasavi College of Engineering, Hyderabad	2022–present
B.E, Information Technology	CGPA: 9.20

Sri Chaitanya Junior College	2020–2022
Board of Intermediate Education, Telangana	Percentage: 98.9%

Krishnaveni Talent School	2019–2020
Board of Secondary Education, Telangana	CGPA: 10

Experience

Software Engineer Intern	Jan 2026 – Present
<i>ZapCom Group – Backend Developer</i>	

- Completed hands-on training in C#, ASP.NET, and ASP.NET Core for enterprise web application development.
- Developed a Recruitment and Onboarding Management System to streamline candidate hiring and employee onboarding processes.
- Implemented modules for candidate registration, job application tracking, interview scheduling, employee onboarding, and role-based access management.
- Worked on backend development, database integration, debugging, testing, and application enhancement using modern software development practices.

S&P Capital IQ (India) Pvt Ltd, Hyderabad	Jun 2025 – Aug 2025
<i>Summer Intern – Backend Developer</i>	

- As part of the S&P Global Market Intelligence segment, contributed to backend development by debugging and maintaining existing systems, decoupling tightly coupled code to improve modularity and maintainability.
- Wrote conditional SQL triggers using SSMS to ensure data integrity and consistency.
- Gained a clear understanding of the complete data lifecycle including Universe, Extract, Archive, and Distribute processes.
- Ran and monitored backend jobs on AWS and gained basic exposure to EKS through its user interface for observing containerized workloads.
- Worked with technologies such as Java, MySQL, and IntelliJ IDEA while following backend development best practices.

Projects & Contributions

NeuroXAI – Explainable AI for Parkinson’s Disease Risk Assessment

Python, Machine Learning (SVM, Random Forest, Logistic Regression, XGBoost, CNN, MobileNet, ResNet), SHAP, LIME, GradCAM

- Developed an Explainable AI-based system for Parkinson’s Disease risk assessment using both clinical textual data and brain MRI image analysis.
- Delivered accurate and interpretable predictions through predictive modeling and healthcare-oriented data analysis.

- Integrated explainability techniques to provide transparent insights into prediction outcomes, enabling reliable clinical decision-support.

Cybersecurity Incident Management System

Front-end: HTML, CSS, JavaScript Back-end & Database: Django

- Developed a database-driven Cybersecurity Incident Management System utilizing CRUD operations to streamline incident handling.
- The system allowed for logging of new incidents with critical details, real-time monitoring and reporting, secure updates to incident records, and safe deletion and archival of incidents.
- Implemented robust security measures, including authentication and authorization, to ensure data protection and integrity.

Snake Game

Tools & Technologies: Python

- Enjoyable snake game developed in Python using the turtle module; the player's objective is to catch as many fruits as possible.

Skills

- **Programming Languages:** Python, Java, C, C#
- **Web Development:** HTML, CSS, JavaScript, Bootstrap, Django
- **Database:** MySQL
- **Core Competencies:** OOP, Database Management Systems, Operating Systems, Computer Networks, Software Engineering
- **Soft Skills:** Communication, Teamwork, Leadership, Time Management, Adaptability

Certificates

- | | |
|---|------|
| • Certified <i>Joy of Computing Using Python</i> – NPTEL | 2023 |
| • Certified <i>Problem Solving through Programming in C</i> – NPTEL | 2023 |
| • Certified <i>Databases for Developers: Foundations</i> – Oracle | 2024 |
| • Certified <i>Get Started with PL/SQL Table Functions</i> – Oracle | 2024 |
| • Certified <i>Database Management System</i> – NPTEL | 2024 |

Hobbies

- Playing Chess
- Dancing
- Listening to Music
